Roof Racks

The Volkswagen Genuine cross bars are the ideal base for all roof-mounted attachments. City Crash Plus tested to Volkswagen's strict standards, the bars feature an aerodynamic aluminium profile onto which items such as surfboard, bicycle, ski and snowboard carriers and racks or our practical roof boxes can be fastened. The cross bars are delivered completely pre-assembled and can be easily attached to the roof rails of your Volkswagen.

They can also be locked to prevent theft. The easy-to-install aero profile features a textured surface and minimises wind noise. A torque wrench is included.

Features:

- Small, lightweight and compact
- Locking lever with anti-theft lock
- Ratchet system for securing the bicycle wheels
- The folding system, the tail lights, bicycle rails and support frame enable be folded up completely
- Compact size for storage in the luggage compartment
- The large foot pedal for easily folding the carrier helps keep the luggage compartment freely accessible
- Practical transport bag included

Bicycle Holder - Bicycle Frames (100mm Oval) / (80mm Round)

The Volkswagen Genuine bicycle carrier for upright bicycle transport on the vehicle roof captivates with its uniquely designed frame holder and wheel rail, automatically ensuring the bicycle is correctly positioned.

The innovative torque limiting rotary knob controls the torque applied to the bicycle, making sure the bicycle is secured properly. Thanks to the convenient mounting height (around eye level), the bicycle is easy to mount without any effort, even in larger vehicles.

To ensure an even distribution of pressure and to protect the bicycle frame, the frame holder is equipped with large, soft padding elements. The bicycle wheels are fixed securely in cleverly designed wheel holders by diagonal wheel rim retaining straps with a quick-release fastener.

The bicycle can be securely locked to the bicycle carrier and the bicycle carrier can be securely locked to the roof bars or supporting rod.

The bicycle carrier can be easily and quickly switched from one side of the vehicle to the other, without additional tools. With the outstanding City Crash Plus Test, the bicycle holder meets Volkswagen's highest standards.

Rim Bolt Locking Set

Dynamic design meets stability! The dynamic Volkswagen Genuine hub caps, with the latest Volkswagen logo, impress with their dynamic spinning design feature.

Secure your wheels against theft with the M14 x 1.5 x 27 wheel locking system. The lock is protected from dirt with a wheel bolt cap to ensure it always works.

Urban Loader - 300-500L (Matte Black and Gloss Black)

The refreshed new Urban Loader roof box with expandable load capacity provides additional cargo space for smaller vehicles and is perfectly suited for

transporting items like shopping bags, pushchairs and golf bags. A 100km/h speed limit applies to its fitment. Its capacity can be easily increased

from 300L to 500L. It's accessible on both sides; with its intelligent jointed steel frame and 2 springs, enabling easy opening and closing. The protective

top and bottom housings are made of durable ABS material plus waterproof coated polyester. Available in elegant Matte and Gloss Black finishes.

GTI Dynamic Hub Caps

Create a visual highlight with the Volkswagen Genuine Dynamic Hub Caps with embossed "VW", "GTI" or "R" logo. Unlike conventional hub caps, they don't rotate on your tyre. That means that the logo stays upright while you're driving and in every parking position.

The dynamic hub caps are made from impact-resistant plastic and impress with their high processing quality. Plus, they're easy to mount.

Roof Box - Basic 340L (Matte Black) and Comfort 460L (Matte Black or Gloss Black)

The roof boxes Basic 340 and Comfort 460 offered by Volkswagen, with a volume of approx. 340 litres and 460 litres respectively, have an optimised aerodynamic design that reduces

unpleasant driving noises as far as possible. They have been adapted to the modern design line of the new Volkswagen models. The roof boxes can be opened on one side and are available in

matte black and gloss black. With a length of 2.30m, the Comfort 460 is ideal for use in summer sports, as standard surfboard sizes can be loaded into it without any problems.
