The Caddy Cargo

The Caddy Cargo For whatever comes next

The Caddy Cargo is perfect for all those with big plans, and it is even more powerful, digital and flexible than ever before.

Available in SWB and Maxi (LWB) Cargo variants, the Cargo will always give 100% and ensure your business day get off to a flying and stylish start. With particularly smart functions, impressively strong form and extremely versatile capabilities, the Caddy Cargo will handle whatever challenges are faced on the job. You and your business can rely on the Caddy Cargo and Caddy.

Modern design.

Distinctive front end with honeycomb structure, dynamic and clear lines, and numerous enhancements for better efficiency.

Proven quality.

Use of durable materials, high-quality workmanship and reliable new-generation engines.

Load compartment with new strengths.

A wider sliding door for the maxi, optimised LED load compartment lighting and versatile floor coverings.

State-of-the-art driver assistance systems*.

So that every journey ends just as relaxed as it started, the Caddy Cargo comes with a host standard safety and driver assistance features such as autonomous emergency braking front assist with pedestrian and cyclist monitoring, Brake Assist, plus rear view camera as optional. Plus additions of driver assist features like lane Lane Assist, Park distance control in rear, that are capable of making preventive interventions in critical situations.

Even more digital.

The innovative cockpit offers a range of infotainment systems with up to 25.4 cm (10-Inch) touchscreen.

* Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

- App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, optional connection cable (sold separately)

Open Caddy.

The **Caddy Cargo**

Ready for a working world full of new challenges.

The Caddy Cargo offers intelligent solutions such as the larger sliding door width in the Caddy Cargo Maxi.

Highlights

- Modern exterior design
- Redesigned ergonomic workplace
- Robust interior
- Digitalised like never before
- Brand new more efficient engines
- More variability
- Proven Volkswagen quality

Standard features for all Caddy Cargo variants

Interior

- Cloth seat upholstery, Double Grid pattern
- Redesigned dash panel and driver cockpit
- Height-adjustable passenger seat with manually adjustable lumbar support
- Multifunctional Steering wheel, height and reach adjustable
- Illuminated glove compartment, with lockable lid
- Carpet flooring in the compartment
- LED interior lights in both cabin and load area
- Cabin Partition with Grille

Safety and Driver Assistance

- Front Assist with Autonomous Emergency Braking and pedestrian and cyclist detection
- Cruise Control
- Advance driver attention and Drowsiness monitor
- Lane keeping system - Lane Assist
- Multi-Collision Brake (MCB)
- Electronic Stabilisation Programme (ESP)
- Traction Control System (TCS)
- Anti-Lock Braking System
- Driver and front passenger, front, side and curtain airbags.
- Driver and front passenger seat belt warning
- Park distance control in rear
- Optional Rear View Camera

Exterior

- H7 twin halogen headlights
- Separate daytime running light (DRL)
- 16" black steel wheels
- Full sized steel spare wheel
- Two sliding doors, left, 695mm wide
- Rear wing doors
- Grey front and rear bumpers
- Exterior mirrors, power-adjustable

Functional

- 10 'inch (25.4 cm) Composition radio with colour touch screen
- Four (4) loudspeakers
- 2 x USB C ports
- Cellphone interface
- Bluetooth® phone and audio streaming compatibility
- Multifunctional steering wheel
- Central locking with remote control
- Power windows and exterior mirrors
- Heating and ventilation system
- 2x 12V outlets one in load compartment and one in the dashboard
- Windshield wiper intermittent control with light sensor

* Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

- App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, optional connection cable (sold separately).

The driving force.

Efficient MPI and TDI engines.

Whether on the highway, in the city or on a construction site:
the Caddy Cargo can be ideally adapted to your driving profile.
With MPI and TDI engines of the next evolutionary stages,
you will have no problem getting you and your cargo
from A to B.

MPI engines

1.6L MPI 81kW, 152Nm

Front-wheel Drive

6-speed manual gearbox

Combined Fuel Consumption From 7.2L/100km**

TDI engines

2.0L TDI270 (75kW, 270Nm)

Front-wheel Drive

6-speed manual gearbox

Combined Fuel Consumption From 5.5L/100km**

More efficient engines. The two combustion engines of the Caddy are among the most efficient and economical TSI and TDI engines that have ever been installed in a Caddy.

**Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Stress, say goodbye

Well-organised and relaxed through fast-paced everyday working life. The intelligently designed driver's workplace in the Caddy Cargo impresses with practical details such as the wide storage compartment, the latest in digital infotainment units and more user centric designed cockpit and controls for easier access whilst driving.

- 01 Digital Cockpit
- 02 Electromechanical multi-function steering wheel
- 03 Optional "Discover Media" navigation system, with 25.4 cm (10-inch) colour touch display and App-Connect-
- 04 Open storage area

- App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, optional connection cable (sold separately). Image shown for illustrative purposes only and varies from standard specification. Caddy Cargo Shown includes optional Multi-Colour Digital Cockpit and Navigation system "Discover Media" with 25.4-cm (10-inch) Colour Touch Screen.

Optimised driver's workplace.

Has a good grip of things. The multifunction steering wheel is particularly comfortable to hold and impresses with its high degree of user friendliness. Direct control of many vehicle functions such as cruise control system or the infotainment system makes the driver's work easier.

Direct-access key module.

The most important shortcuts. Frequently used functions such as assist systems, climate functions and parking systems can be selected directly via the buttons. Functional scope depending on equipment.

-App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, connection cable (sold separately). Wireless App-Connect is available with the optional Discover Media navigation system.

01

01 Multifunction steering wheel.

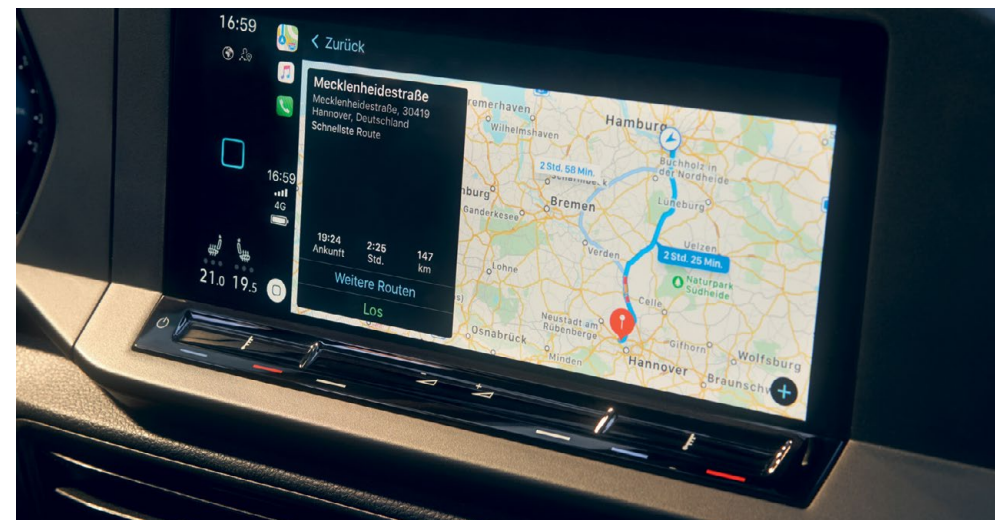

Has a good grip of things. The multifunction steering wheel is particularly comfortable to hold and impresses with its high degree of user friendliness. Direct control of many vehicle functions such as cruise control system or the infotainment system makes the driver's work easier.

02

02 Discover Media navigation system.

In addition to the Composition Audio system, this option offers a 25.4 cm (10-inch) colour touch display, 2D /3D navigation, plus a wide range of map options and also includes wireless App-connect- as part of the package.

Arrive Safely.

The modern driver assistance systems.

So that every journey ends just as relaxed as it started, the Caddy Cargo comes with a host of standard and optional driver and safety assist systems that are capable of making preventive interventions in critical situations.

Driver Fatigue Detection*. Uses visual and audible warning signals to recommend that the driver takes a break as soon as it registers driving behaviour that indicates fatigue. | CC |

Seatbelt warning. Visual warning when the engine is started and an audible warning is emitted, if the driver's and/or passenger seatbelts are not fastened. | CC |

Airbags. Driver & passenger front, side and curtain airbags provide the best possible protection in the event of head-on or side impacts. The Caddy includes an additional 2 side curtain airbags for the second row of seats. | CC |

Cruise Control with speed limiter. At 30km/h and above, the system maintains the set speed throughout uphill and downhill inclines when activated. | CC |

Anti-Lock Braking System (ABS). Prevents the wheels from locking and thereby maintains manoeuvrability. | CC |

Electronic Stabilisation Program (ESP). Standard feature that prevents under- and over-steering through targeted braking of the individual wheels. | CC |

Electronic Differential Lock (EDL). Distributes the engine torque to the tyres without slippage. | CC |

Traction Control Systems (TCS). Prevents wheels from spinning excessively. | CC |

Hill Hold Assist. This prevents the vehicle from rolling back on inclines, making it easier to start off on uphill slopes. | CC |

Front assist with Autonomous Emergency Braking and pedestrian and cyclist detection*. Uses a radar system to detect situations where the distance to the vehicle in front is critical and reduces the vehicle's stopping distance. In dangerous situations, the system alerts the driver using visual and acoustic signals, and with a warning jolt of the brakes. | CC |

Automatic post collision braking system. Triggers braking after a collision, with the aim of preventing secondary crashes, activated when two independent sensors detect an accident. After a short delay, the vehicle begins a phased braking action down to 10 km/h, during which the driver can take over at any time. | CC |

Electromechanical Power Steering. The speed-dependent steering with active reset improves your driving feeling and safety and achieves steering precision. | CC |

Lane keeping system "Lane Assist" with counter steering assistance. Detects the vehicle lane by means of a multifunction camera and corrects unintentional departure from the lane as from 60 km/h by corrective counter steering. | C | CC |

Rear View Camera (RVC)*. Simplifies parking by showing a limited view of the area behind the vehicle on the display of the radio. Additional guidelines help the driver manoeuvre into the space. | CC |

Standard Optional extra | CC | Caddy Cargo

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Built for big jobs.

Tackle the tougher tasks of the day without any worries. Thanks to its rugged materials and innovative technology, the Caddy Cargo is ready to do practically anything you ask of it.

01

Disclaimer: Image for illustrative purposes only

01 Partition. Keeps your back free with plenty of space. The optimised convex shape of the partition extends into the load compartment and therefore creates plenty of space in the shoulder area for both driver and front passenger. | CC |

Standard Optional extra | C | Caddy | CC | Caddy Cargo

02

02 Roof load. Turns the common conception about small vans upside down. With a roof load of up to 100 kg, the Caddy Cargo turns the roof into a serious loading zone for many different loads. | CC |

03

Disclaimer: Image for illustrative purposes only

03 Lashing Rings. Keep their promise. The six folding lashing rings secure heavy loads rock-solid on the vehicle floor of the Caddy Cargo. | CC |
