Gotta Get a Vivo.

Gotta Get It Now!

South Africa's favourite hatchback just got a facelift, and we love to see it. With a new design that makes you stand out in the parking lot – we've blended German technology with Mzansi craftsmanship. Which is enough to give haters car-envy. Not only will you be riding in style, flexing the safety features for passengers, you'll also be satisfied with the improved quality and efficiency built for everyday life.

GT:	1.0TSI 81kW Manual
Style:	1.6 MPI 77kW Manual
Life:	1.6 MPI 77kW Tiptronic
	1.4 MPI 63kW Manual
Vivo:	1.4 MPI 55kW Manual

Design Meets Drive

Made for the spotlight, the new Polo Vivo range sports an iconic frame that takes you even further. Featuring the eye-catching 2D emblem, anti-theft alarm system and interior monitoring and ultrasonic alarm sensors, this car is all about style and safety. The new bumper design and cloth seat trims complete the look, ensuring you drive with confidence and compact performance.

Drive smart, **drive ahead**

Powered by German engineering, the Polo Vivo is all about style and innovation. Its interior boasts a digital clock, electronic rev counter, and a clever digital trip recorder to keep you in the loop. Enjoy your drive with air-conditioning, a nifty passenger vanity mirror, and ample front door pockets. The height- and reach-adjustable steering column and power steering ensure a comfy ride, while the manual anti-dazzle rear-view mirror keeps your view clear.

Driving With Confidence

Stay secure on every drive with safety features designed to protect you and your passengers. Like ISOFIX baby seat mounting points and childproof locks that ensure secure travel for little ones, while driver and passenger airbags and a high-level brake light offer protection in emergencies. The Polo Vivo also features Electronic Stability Control and a Tyre Pressure Monitor to reduce accidents and keep you safe. With trusted German engineering, the Polo Vivo is designed with your safety in mind.
