# The Classic's Comeback

The long-awaited Golf GTI is here, and it's brimming with boundless energy. The kind that makes timelines light up and driveways proud. Since 1982, it's been more than just a badge, it's been an icon. A symbol of pure drive, parking lot parties, late-nights, and weekends turned into unforgettable memories. Now, The Legend is back, sharper in spirit, quicker to 100, and ready to take its place where it belongs - at the centre of the culture.

# Made You **Look**

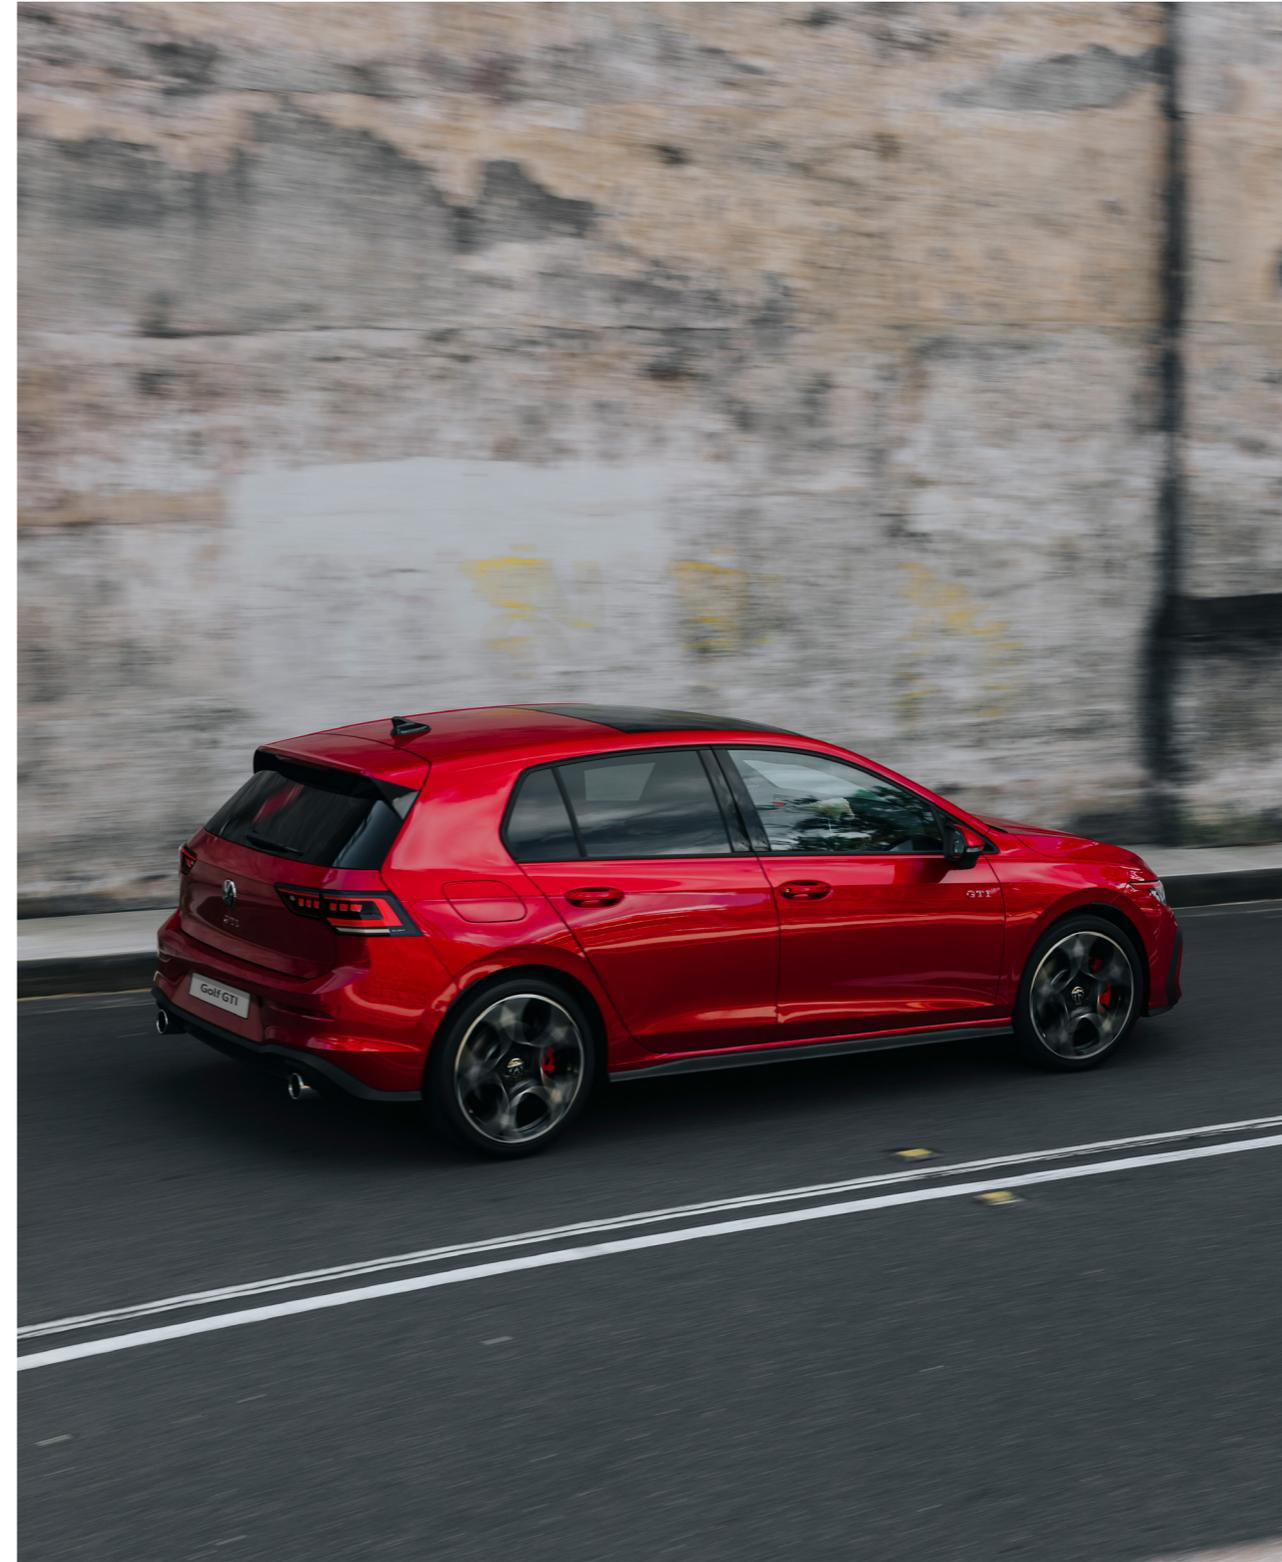

Some things never go out of style. They just evolve. When you walk up to the new GTI, you don't ask "which car is this?". You already know. Sporting the look that bosses traffic - literally and figuratively. The red-line trim that started in 1982 now slices through an updated LED headlight signature. The 19-inch "Queenstown" alloys hark back to iconic GTI heritage and grounds you in modern adaption. Inside, Vienna leather seats say 'classic', while refined finishes and a driver-centred cockpit - bring you to the front in every trip.

# Legendary Power

It's not about volume. It's all in presence. When the engine fires, when your GTI moves, you feel it come alive and the dual-pipe exhaust echoes that legacy. Under the hood, The Legend brings serious substance for those who know what numbers matter. A 2.0-litre TSI, 4 cylinder inline turbocharged direct injection petrol engine, delivering 195 kW and 370 Nm of torque. 0-100 km/h in just 5.9 seconds.

Top speed electronically capped at 250 km/h. A 7-speed Direct Shift Gearbox drives the front wheels, and the VAQ electronic limited-slip differential locks you in even when the tarmac tilts and the corners cut you off.

# All Systems Go

IQ.DRIVE carries the GTI's legacy forward. Built into a car that's defined generations, it blends cutting-edge sensing with instinctive control, keeping you connected to the road and the culture that made this car iconic.

Lane Assist, Adaptive Cruise Control and Emergency Assist, don't just work, they move in sync with the GTI, letting you drive smarter, all while fully in the moment.

# The Synergy in **Symphony**

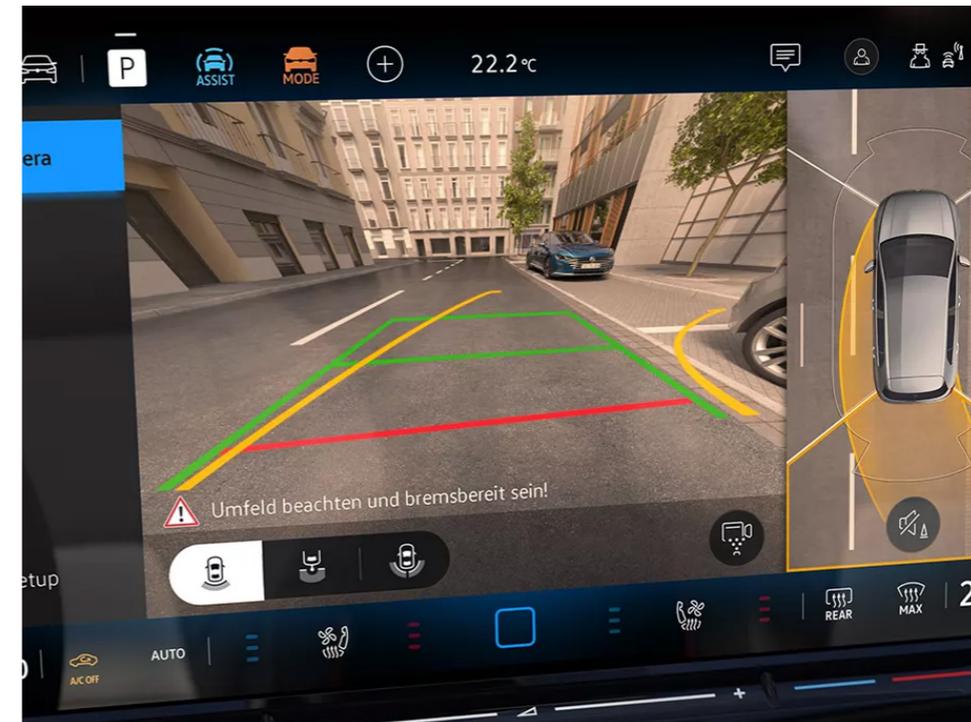

Every GTI has a soundtrack. From the thrill of turbo whines to playlists that turn every commute into a live performance, this one makes sure every note hits perfectly. The premium Harman Kardon audio system produces rich sound, delivering immersive, true-to-life audio throughout the cabin.

Wireless connectivity keeps your music and calls seamlessly in sync, while intuitive controls put every beat at your fingertips. It's not just music. It's motion, memory, and meaning, wrapped in one ride.

# Go With Your Gut or Read between the lines

Confidence comes standard. With Volkswagen's IQ.DRIVE,  
the GTI has your front and sides.

Adaptive Cruise Control, Lane Assist, Emergency e Assist; it's got all  
the tech to keep your drive smooth, whether you're cruising  
highways or manoeuvring the city streets in mid-morning traffic.  
You focus on the fun, while your GTI handles the rest.

# Edge in **Motion**

## **GTI**

- ✓ 19" QueensTown Alloy Wheel
- ✓ DCC
- ✓ Park Assist plus with PDC
- ✓ Rear view camera
- ✓ Navigation + app-connect + Voice control
- ✓ ACC + Front Assist + AEB

The GTI has always celebrated its roots, from the red line strip across the front grille of the early days to the red brake callipers that became a signature.

This generation honours that history with clean design cues like honeycomb grille, red accent lines and honeycomb-styled foglights. But it's not just in the details, because when you choose GTI, you join the iconic VW legacy.

# Wheels & Rims

**19" Queenstown**  
(Standard on GTI)

# Colours and Paint Finishes

Choose from 9 colour and trim combinations.  
Arrive in style, finish with impact.

## Solid paint finishes

Moonstone Grey Premium
