# New Taigo

## Let's go.

**The ultimate cross between style and practicality.**

The Taigo is expressive in every way. This car is boldly redefining style with its sporty-coupé shape, making it Volkswagen's newest SUV. Available in the Life, Style or R-Line models, the Taigo provides you with the liberation you've been searching for in a car. Both the exterior and interior represent where sport meets function and where tech meets taste. The Taigo has been designed with you in mind, with intuitive innovation that makes every aspect of your journey feel effortless. Let's go – in the new Taigo.

# Urban driving redefined.

## The future of mobility made accessible.

The Taigo is a breath of fresh air within the SUV range. This car's stylish features for the modern-day driver means that it enhances your way of life.

The Taigo will be available with a 1.0 TSI 85kW engine across its three models. With a highly effective petrol engine and 7-speed DSG transmission, this car's performance is built around a lifestyle-orientated driver. The Taigo's Start-Stop with regenerative braking, a low-emission TSI engine, and Eco Function<sup>1</sup> add to Volkswagen's progression towards eco-friendly cars.

1. Standard with the R-Line model

# Expressive from the start.

## Style at every angle, presence on every corner.

With a coupé-like shape, no wonder the Taigo is unique. The car's sloping roofline leads to a spoiler on the rear highlighting its sporty appearance. A side view of the Taigo is characterised by defining lines guiding your eyes seamlessly from the front to the back of the exterior. The stylish honeycomb grille connects the matrix LED headlights framing the front of the car and its expansive width. Illuminated light strips in both the front and rear of the exterior give it a polished look making it almost impossible to ignore its design-orientated appearance. The logo projection lighting epitomises the car's modern expression giving it its Volkswagen personality.

The Taigo takes your day to day a step further with a panoramic sunroof<sup>2</sup> that invites your surroundings inside. With the choice of having the sunroof tilt up or slide open fully, you can personalise your natural lighting and air inflow. The car's presence on the road is further strengthened by roof rails spanning the length of the roof offering sports enthusiasts the convenience they're looking for. With a spacious boot of 440 litres and rear seats that can fold 60:40, the Taigo allows for maximum storage with the seats up or down.

2. Optional with all models

# Tech meets taste.

## The Taigo's interior surrounds you in effortless innovation on any and every drive.

The soft-touch dashboard accentuates the car's comfortable and welcoming interior, combined with high-quality technology, taking the car to the next level. The digital Infotainment system with a 6.5-inch radio display on the Life model and an 8-inch radio display on the Style and R-Line models, digital cockpit and Beats® sound system<sup>3</sup> allow for a driving experience personified by your taste.

Wireless phone charging<sup>4</sup> and a front middle armrest with USB charging ports ensure that you remain connected throughout your drive. The Taigo's leather multifunctional steering wheel and keyless entry<sup>4</sup> add to the overall practicality and accessibility of the car. Connectivity remains a priority in the Taigo by ensuring your phone is always in connection with your car using App-Connect and We Connect Go. Additional features such as Voice Control and Navigation System are optional with each model.

The Taigo's ambient interior lighting allows for a sleek transition from day to night. With lighting features in the front door handles and decorative trim on the interior doors and front dash panel. Experience what happens when tech meets taste.

3. Optional with Style and R-Line models

4. Optional with all models

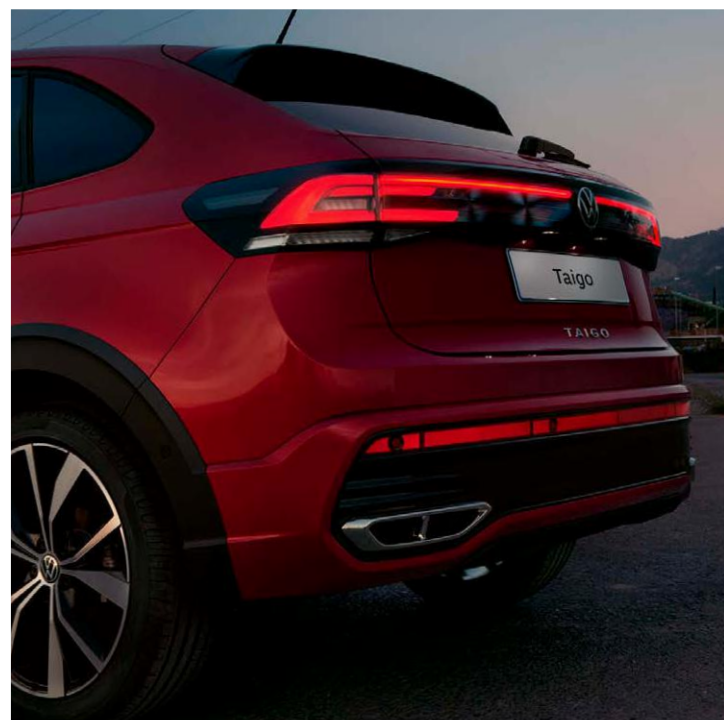

# Feel the drive.

## Now no one knows you better than your car with the latest in driver safety technology Volkswagen has to offer.

With IQ.DRIVE, trust that your Taigo's got your back. This intuitive technology comes with features such as Adaptive Cruise Control (ACC). ACC can maintain a set distance from the vehicle in front by automatically braking and starting up again when sitting in traffic, making it a driver's best friend. ACC can also work in conjunction with Lane Assist to form Travel Assist, making your journey safer.

With other features like Autonomous Emergency Braking, Front Assist, Side Assist and Fatigue Detection, driving safely is almost effortless. Park Assist is available for that final stage of the drive, by measuring whether a parking space is big enough and then steering you into it.

# Colours

# Volkswagen SUVs

Volkswagen's T-SUV family is adaptable, adventurous, and everything in between. And yet, each member brings their own flair to the table.

## T-Cross

The T-Cross is versatile and practical and spares no expense when it comes to comfort and style. It's designed for people who believe that the journey should be just as thrilling as getting to the destination. For people who aren't afraid to reroute the course – play by your rules with an SUV that can keep up with it all.

## Taigo

For those who have a spirited independence and who are in constant search of liberation, there is the Taigo. Designed to resemble the shape of freedom, the Taigo is characterised by its sporty coupé-like form and its sharp lines that guide your eyes from the front to the back. The search for freedom awaits, and starts in the Taigo.

## T-Roc

Stand out from the crowd with the new T-Roc: a car that's as confident as you are, challenges the status quo, leads the pack, and refuses to follow. From its bold design to its sophisticated 4MOTION® technology, it's all you need for pure, unrivalled performance and for a drive to defy.

## Tiguan

Build so that you can take command of the road, while taking care of your family. Reimagined to do most of the thinking for you, it's as smart as it is stylish. Embracing all the most sophisticated technologies, the Tiguan is here to never give your safety a second thought so that you can put family first.

## Tiguan Allspace

The Tiguan Allspace is more than just a car. It's more than just technology and beauty; it's a vehicle that's ready for adventure. From its eye-catching design to its exceptional versatility, this 7-seater has been designed in the mould of your family and assure ultimate functionality when it comes to your lifestyle demands. Explore more with an SUV that has more.

## Touareg

This bold SUV was created for those who won't settle at the top of their game because they know there's always more to explore in this journey of life. Built for the people who ask, "Where to from here?", we've designed the luxurious and technically advanced Touareg to take you on every new venture your restless spirit longs to pursue.
