Family has never **looked this good**

The new Tiguan Allspace has arrived and with it, the most stylish and sophisticated features that ensure it looks as good as it drives. This sleek and spacious 7-seater SUV comes with a completely elevated exterior and a range of IQ.DRIVE* technologies that will make you think twice about what a family car looks like.

The new Tiguan Allspace range has a model perfectly suited for your drive.

Allspace: 1.4 TSI 110kW DSG®

Life: 1.4 TSI 110kW DSG®

Style: 2.0 TSI 132kW 4MOTION DSG®

R-Line: 1.4 TSI 110kW DSG®
2.0 TSI 162kW 4MOTION DSG®

*IQ.DRIVE features are optional across the Life, Style and R-Line models.

Life

The Life model quickly sets a high bar for the entire range, and it starts with its exterior: sharp contours and striking protrusions accentuate its robust form. While inside, its length provides all the space you need for your city cruises or cross-country quests. More specifically, this model comes with standard silver exterior mirror housing, silver anodised roof railing, 18-inch "Frankfurt" alloy wheels, and Digital Cockpit Pro. It also includes an 8.0-inch Composition Media radio with App-Connect and Voice Control. Plus, sophisticated safety features are made standard here, with Park Distance Control (front and rear), electrically adjustable and foldable side mirrors.

Style

The Style model serves as the sweet spot between the Life and R-Line. It has all the standard features of the Life model, but with a few extras, such as "Vienna" leather seats and 18-inch Nizza alloy wheels and 4MOTION technology. Optional features can be added to customise the Tiguan Allspace for your drive. These include a panoramic sunroof, Keyless Entry, and Discover Pro infotainment system with Wireless App-Connect. Enhance the efficiency of your Style model with Area view Camera system and Park Assist, IQ.DRIVE and Trailer Manoeuvring System to heighten your safety experience on the road.

R-Line

The new Tiguan Allspace R-Line is the top of the range, commanding the road. Built with bold, dynamic lines and a progressively powerful presence, this distinctive SUV comes standard with all the features in the Style model as well as 19-inch Valencia alloy wheels, exterior R-Line design, ambient interior lighting with 30 colours and dark LED rear lamps. Optional features include a trailer hitch, Black Style Package with 20-inch "Suzuka" black alloy wheels, panoramic sunroof, IQ.LIGHT LED Matrix headlights, Keyless Entry, and Discover Pro infotainment system with Wireless App-Connect. It's safe to say that this eye-catching SUV was designed to grab everyone's attention – you can't help but stare.

Innovative interior

When you step inside this spacious SUV, you'll experience the perfect combination of class and comfort. The new Tiguan Allspace puts luxury at the forefront with a range of features including:

- "Vienna" leather upholstery
- Electric leather seat adjustment (Driver only) and lumbar support
- Wireless charging
- Wireless App-Connect
- Harman Kardon sound system
- Ambient lighting
- "Discover Pro" navigation system
- A multi-colour Digital Cockpit Pro

*Some features are optional across the Life, Style and R-Line models.

Turning gears, wheels and heads

The Tiguan Allspace is built with sharp lines that accentuate its progressive design, creating a sporty aesthetic. Its striking design is more powerful looking. From body-coloured bumpers, door handles, and exterior mirrors, a seamless appearance is created. The Life and Style models also have black protective trim on the lower front and rear bumpers, side sills and wheel arches, to enhance their sporty design.

The Tiguan Allspace's distinct body contours are a common feature used to draw the eye along the car's exterior, leading to its striking horizontal chrome strip and Volkswagen badge. Chrome finishes and alloy wheels come standard across the range, keeping the Tiguan Allspace firmly on and off the road.

Luxury comes **standard**

The Tiguan Allspace's premium design is more spacious than the previous generation.

Every bit of the vehicle has been optimised to create more space. From the inside, it's easy to understand why the Tiguan Allspace is about more than just contemporary refinement. Exceptional comfort levels combined with cleverly thought-out design create a comfortable and functional cabin.

Smooth travelling **on and off the road**

The Tiguan Allspace does all the thinking and calculations in split seconds. 4MOTION® actively secures vehicles by working in conjunction with other operational safety systems to constantly monitor driving conditions. Hill Descent Control and torque distribution to all four wheels mean safety comes first – whether you're driving on- or off-road.

State-of-the-art **technology**

When it comes to innovation and technology, the Tiguan Allspace has everything you need.

Keyless entry and an electric tailgate make loading and driving seamless and effortless.

Parking has never been easier. Park Pilot activates when the car is in reverse and uses ultrasonic sensors to monitor the front and rear of the vehicle. It offers guidelines on the camera screen and warnings to the driver when the car is getting close to another object.

Driver Profile Selection enables different settings that will change both the Tiguan Allspace's performance and the driver's experience – all at the turn of a dial. Quickly and easily select one of four driving modes and change between Normal, Comfortable, Sport or Eco mode.

Infotainment

Central to driver and passenger enjoyment is Volkswagen's "Composition Media".

It features an 8-inch high-resolution display, USB interface for iPod/iPhone, Bluetooth, and MP3 compatibility. The infotainment system offers a practical, personalised, and versatile user experience – perfect for cross-country road trips or around-the-corner school runs.

“Discover Pro” pushes the envelope through its 9.2-inch touchscreen premium satellite navigation system with Gesture Control, Bluetooth, and USB interface for iPod/iPhone.

App-Connect links compatible smartphones to use selected apps on the touchscreen display of your Volkswagen, from streaming music to navigation using mobile maps.

Digital Cockpit Pro turns your dashboard into an interactive cockpit. The Digital Cockpit Pro allows you to customise the display from infotainment to navigation or vehicle statistics.

Safety first. **Safety always**

With the Tiguan Allspace being the embodiment of German engineering, safety is always prioritised. The safety cage has been designed to protect passengers in the event of a front, rear, or side impact. Additionally, advanced thermo-formed steel B-pillars offer strong reinforcements on top. The adaptive airbags have been engineered to adjust to crash severity and special door sensors will deploy Curtain Protection® airbags in a side impact.

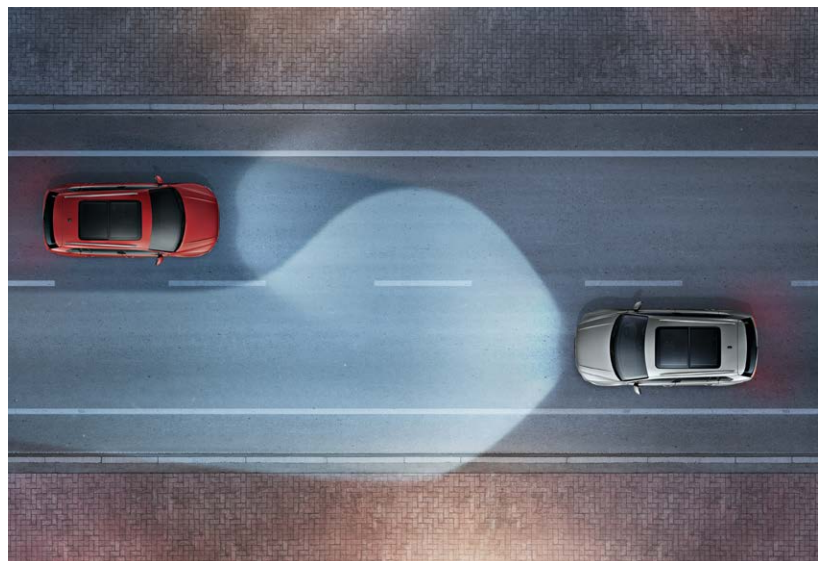

The Head-up Display warns when a break is needed via an acoustic signal and a visual message is displayed on the instrument cluster.

Speed, traffic signs, assistance systems, and other functions are displayed clearly and accurately. The Rest Assist fatigue detection system senses fading concentration levels by intelligently measuring pedal and steering wheel use. These ground-breaking features are designed to keep the driver alert and safe during long trips.

Adaptive Cruise Control (ACC) can also be added as another innovative piece of technology. When ACC is activated, the vehicle automatically brakes and accelerates at a speed range set by the driver. If another vehicle approaches, the ACC brakes the car to the same speed and maintains the pre-selected distance.

Adaptive Cruise Control with Front Assist (forward collision warning)

High Beam Control "Light Assist"

Head-up Display

Constant 4MOTION® moving forward

The Tiguan Allspace does all the thinking and calculations in split seconds. 4MOTION® actively secures vehicles by working in conjunction with other operational safety systems to constantly monitor driving conditions. Hill Descent Control and torque distribution to all four wheels mean safety comes first – whether you're driving on- or off-road.

Upon detection of even the most minimal wheel slip, the power is automatically adjusted and deployed to the necessary wheel in a matter of milliseconds. Power is part of every detail; all you need to do is buckle up for the adventure.

Automatic Profile

Tailor-make any journey using the Driver Profile Selection. It enables different settings that will change both the Tiguan Allspace's performance and the driver's experience – all at the turn of a dial. Quickly and easily select one of the five driving modes and change between Normal, Comfortable, Sport or Eco mode.

Off-road driving profile (individual)

Hill Descent Control, audio warnings and lights can be deactivated. The driver has the option to customise their off-road driving experience in this mode.

Taking you places **on and off the map**

The Tiguan Allspace has a lot to give.

Take off for your next destination in a Tiguan Allspace and you'll have more turbocharged fun getting there. Fold down the rear seats and you'll see how versatile it is. Add the latest Discover Pro with Satellite Navigation system, and you've got a great view, no matter where you are.

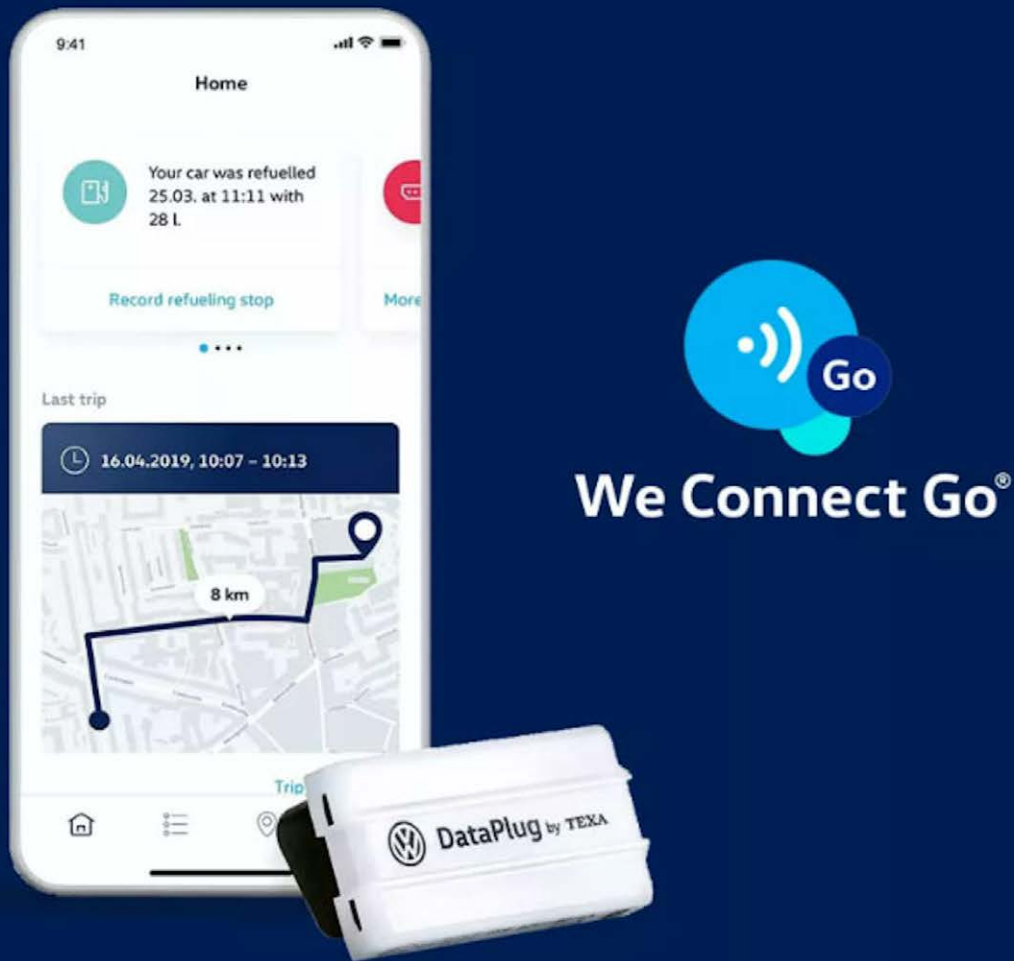

Technologies

As you embark on your journey, you can have complete peace of mind knowing the new Tiguan Allspace is thinking for you.

This highly intuitive SUV comes with a range of IQ.DRIVE features*, including Adaptive Cruise Control, Autonomous Emergency Braking with Front Assist system, Area View Camera and Park Assist, Rear-view Camera, Trailer Manoeuvring System, IQ.LIGHT, Travel Assist and Navigation with voice control, putting you on the road to autonomous driving.

*IQ.DRIVE features are optional across the Life, Style and R-Line models.

Connectivity

We Connect Go comes standard in the new Tiguan Allspace and seamlessly connects your smartphone to your Volkswagen via Bluetooth using the DataPlug, putting all your important vehicle information at your fingertips. From a logbook and fuel monitor, driving style analysis and driving statistics, to services and schedule, breakdown assistance and parking space locator, We Connect Go is your personal car companion.

Be sure to download the app* and have everything you need in the palm of your hands.

*The app is compatible with Android and iOS devices.

Volkswagen SUVs

Volkswagen's T-SUV family is adaptable, adventurous, and everything in between. And yet, each member brings their own flair to the table.

T-Cross

The T-Cross is versatile and practical and spares no expense when it comes to comfort and style. It's designed for people who believe that the journey should be just as thrilling as getting to the destination. For people who aren't afraid to reroute the course – play by your rules with an SUV that can keep up with it all.

Taigo

For those who have a spirited independence and who are in constant search of liberation, there is the Taigo. Designed to resemble the shape of freedom, the Taigo is characterised by its sporty coupé-like form and its sharp lines that guide your eyes from the front to the back. The search for freedom awaits, and starts in the Taigo.

T-Roc

Stand out from the crowd with the new T-Roc: a car that's as confident as you are, challenges the status quo, leads the pack, and refuses to follow. From its bold design to its sophisticated 4MOTION® technology, it's all you need for pure, unrivalled performance and for a drive to defy.

Tiguan

Build so that you can take command of the road, while taking care of your family. Reimagined to do most of the thinking for you, it's as smart as it is stylish. Embracing all the most sophisticated technologies, the Tiguan is here to never give your safety a second thought so that you can put family first.

Tiguan Allspace

The Tiguan Allspace is more than just a car. It's more than just technology and beauty; it's a vehicle that's ready for adventure. From its eye-catching design to its exceptional versatility, this 7-seater has been designed in the mould of your family and assure ultimate functionality when it comes to your lifestyle demands. Explore more with an SUV that has more.

Touareg

This bold SUV was created for those who won't settle at the top of their game because they know there's always more to explore in this journey of life. Built for the people who ask, "Where to from here?," we've designed the luxurious and technically advanced Touareg to take you on every new venture your restless spirit longs to pursue.
