

## Celebrating 30 years of Polo production at Plant Kariega

2 017 003

Polos built  
from 1996  
to 2025

It takes

**1 985 sets**

of hands to  
build one Polo

We've built

**4**

Generations

The current generation  
Polo is exported to

**38**

countries

with the UK being the  
biggest market.

It takes an  
average of

**3 days**

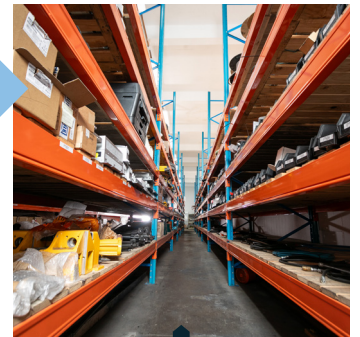

to build one Polo

On average, about

**1 400**

parts go into  
building a Polo

As of July 2024,  
VWGA is the  
sole exporter  
of the Polo

Plant Kariega  
is Sole  
manufacturer  
of Polo GTI

Plant Kariega  
took part in a  
spectacular video  
celebrating  
**50 years**  
of Polo

In 2025, VWGA  
celebrated the  
production of the  
**two millionth**  
Polo
