Own your way

The new Volkswagen T-Cross is a car that's ready to pump the brakes on routine.

Volkswagen's first ever compact SUV is built to cross the city, cross the province and overtake old habits. Let the most connected Volkswagen yet put you in touch with your world and see what it feels like to play by your own rules.

Lights, colours, **action**

The Volkswagen T-Cross has been designed to be bold, confident and stand out. With features like the eye-catching LED lights and rear reflective band, it's a car that catches the eye and turns heads no matter where it is.

Seize the chance to choose from a variety of exterior colours that speak to your adventurous side.

Be safe **But don't play it safe**

Equipped with the latest Volkswagen safety features, your T-Cross is intuitive on the roads and built with your safety as its highest priority.

Safety features include:

- Adaptive Cruise Control
- Park Distance Control
- Lane Assist
- Blind Spot Monitor
- ISOFIX for fastening children's seats

With many more features, the T-Cross lets you play with confidence.

Room to **do you**

With the T-Cross' stylish and spacious interior, you'll always have enough room to do the things you've always wanted to. The T-Cross' adaptable rear seats are both foldable and slidable. Which means you can turn 377 litres of boot space into 455 litres of rear cabin space.

Always on track

Climb into the T-Cross and take your drive to a whole new level with Discover Navigation, and a colour touchscreen Infotainment system.

With the most advanced Volkswagen technology on offer, you can upgrade to the latest sound from beats[™] (optional) and drive the future with Active Info Display, which has advanced graphics to keep track of useful driving information with ease on a 12.3-inch screen.

Connect to **new possibilities**

The ultra-connected T-Cross is right on the cutting edge of useful and playful technology.

VW Connect[®] lets your car and your digital world connect through your mobile phone using the Data Plug.* It comes standard on Comfortline and Highline and is an option on Trendline.

You can charge your mobile wirelessly by simply laying it in the Inductive charging tray.**

App-Connect brings your smartphone onto your T-Cross' touchscreen and includes the latest software applications such as MirrorLink[™], CarPlay[™] from Apple and Android Auto[™] from Google.

Active Info Display shows useful data that's uniquely configured by you, so that you can enjoy the drive while staying in touch with the car's driving data. The display also lets you view the Discover Navigation map if you want to.

*Available for purchase from your Dealer. **Only for compatible devices.

Rule **breaker**

The ultimate T-Cross comes in the ultimate package. The T-Cross R-Line upgrade is a powerfully unique design package that's ultra-modern and even bolder. Drive the R-Line with design stand-outs like the 17" "Manila" Alloys on Comfortline and 18" "Nevada" Alloys on Highline.

Colours

The illustrations on this page can only be regarded as a general guide as the printing process cannot render the true depth and brilliance of the paint finishes with absolute accuracy. Please note that certain paint and trim combinations may not be available.
