# **The drive** to defy

### The T-Roc was designed to be noticed.

Its sporty, modern exterior ushers in a new era of Volkswagen style, where the practicality of an SUV combined with the agility of a sports model, creates something extraordinary. With two models available, the self-assured T-Roc stands out from the crowd with its bold design and customisable options. Choose from a variety of exterior and interior options to design a T-Roc that is uniquely you.

# **Confidence** to defy

We know you're not the same as everyone else and your car should reflect that. You want a car that's as confident as you are, a car that challenges the status quo, leads the pack and refuses to follow. You want a car that gives you more: more space, more capability, more comfort, more individuality. The T-Roc is a seamless blend of style, comfort and convenience in one beautiful package that shows the world you've arrived.

## **Style meets** practicality

Level up with the T-Roc - a stylish SUV that truly has it all, from comfort and bold design to all the advanced technology you'll need to navigate your world.

Next-level functionality and unrivalled attention to detail places the T-Roc in a league of its own, so that you can rule the road in style.

# **Beauty** to defy

The ever-stylish SUV displays an undeniable sportiness that's sure to turn heads wherever it goes. Its modern exterior introduces a new era of Volkswagen that's as bold as it is practical. Its daring yet sophisticated silhouette is beautifully enhanced by a striking chrome strip that runs the length of the side roofline. Your choice of complementary or contrasting colours for the roof, A-pillar and door mirror housings allow you to bring your unique vision to life and show the world who you are.

## **As original** as you

The T-Roc's incredible array of customisable finishes means that your ride is an extension of your personality. Showcase your style through a multitude of impressive aesthetic finishes.

## **Power** to defy

The TSI petrol engine options for the new T-Roc pack a punch, bringing forth next-level power and efficiency. Choose from the Design 1.4 TSI 110kW Tiptronic<sup>®</sup>, Design 2.0 TSI 140kW 4MOTION<sup>®</sup> DSG<sup>®</sup>, or the R-Line 2.0 TSI 140kW 4MOTION<sup>®</sup> DSG<sup>®</sup>.

Complete with excellent dual-clutch DSG<sup>®</sup> gearbox and powerful engines, the T-Roc is ready to take on the world.

# **Agility** to defy

With the 4MOTION<sup>®</sup> technology, the new T-Roc allocates the engine's power across all four wheels as needed. This prevents wheel spin and locking, making sure your T-Roc is confident and sure-footed on any road, over any terrain and in any weather.

Having 4MOTION<sup>®</sup> in conjunction with operational safety systems, such as Electronic Stability Control, traction control system, engine drag torque control and electronic differential lock, will lead to your ultimate driving pleasure.

## Vision to defy

Come day or night, the T-Roc shines brightly with daytime running lights and built-in indicators to ensure maximum visibility when it's time to turn off or change lanes.

### **Safety** first

The T-Roc puts safety at the forefront, with autonomous emergency braking features, such as the Automatic Post-Collision Braking System and City Emergency Braking with Pedestrian Monitoring.

Other Safety and Driver Assist Systems are found on the options list. Adaptive Cruise Control, Fatigue Detection System (Rest Assist), Rear-view camera, a Blind Spot Monitor with a lane changing system, Traffic Jam Assist, Park Assist and automatic high beam headlights are all available.

# **Detail** to defy

#### The interior of the T-Roc is the epitome of contemporary design and individuality.

Slick, modern and elegant, the T-Roc embraces the future, combining unique style with Volkswagen's characteristic build quality.

Personalise your T-Roc with a choice of two coloured inserts and upholstery to match, available in Ravenna Blue.

# **Technology** to defy

The T-Roc is as functional as it is beautiful, available with a Composition Media Radio, Discover Media Navigation, Active Info Display and a beats<sup>®</sup> sound system.

The "Composition Media" Radio is equipped with an 8-inch colour touchscreen, DAB digital radio receiver, Multi-device Interface (MDI) and USB connection. Play music from WMA and AAC files, simultaneously pair two compatible devices, and experience the convenience of App-Connect as well as Bluetooth telephone and audio functionality. Multiple speakers, situated to the front and rear, ensure that you always have excellent acoustics for every road trip. \*Standard on the Design and R-Line models.

The "Discover Media" Navigation builds on the capabilities of the Composition Media Radio with easy music management, navigation data and vehicle information. The system's navigation data is displayed via 2D/3D map view on the touchscreen, offering a handy choice of three routes: Fast, Short and Eco. Dynamic navigation is based on TMC+, branded points of interest and Speed Limit Display. \*Optional on the Design and R-Line models.

The Active Info Display provides a 10.3-inch high-resolution TFT dash display with customisable menus that can be tweaked as you wish, providing information such as detailed driving data and graphic displays of your driver assistance systems.

\*Optional on the Design models and Standard on the R-Line model

The beats<sup>®</sup> sound system, inspired by Dr. Dre, includes six speakers, a subwoofer and an eight-channel digital amplifier with Digital Signal Processor (DSP). The sound system is controlled via your infotainment system and delivers a 400 watt output with Dolby Pro Logic surround sound.

\*Optional on the Design and R-Line models

## Intelligence to defy

Integrate your worlds with We Connect Go and App-Connect. We Connect Go connects your smartphone to your T-Roc via Bluetooth using the DataPlug, turning your T-Roc into a conveniently connected car. Manage your music, navigation and access to vehicle information with quick, convenient connection features. Enjoy the effortless tech integration of App-Connect – three innovative technologies that allow you to bring smartphone apps onto your infotainment system's touchscreen: the established MirrorLink<sup>™</sup> apps, the new CarPlay<sup>™</sup> function from Apple, and the Android Auto<sup>™</sup> function from Google.

# **Generosity** to defy

The T-Roc's plush seats slide back generously which, along with plenty of head room, ensure a comfortable experience for both the driver and passengers.

The T-Roc has ample storage space in the centre cubby, door pockets, glovebox and under the front armrest. Its boot is designed smartly and practically to make for spacious and effortless packing.

## Have it your way

All T-Roc models come with different finishes to showcase your specific taste. The Design models come with a black bumper and side sills, halogen headlights and 17" Mayfield alloy wheels, while the R-Line model comes with a body-coloured bumper, LED headlights and 19" Suzuka alloy wheels. Whichever model you choose, the T-Roc is designed to meet your style.

### Colours

The T-Roc is all about you. That's why we've created a variety of paint options, available in two-tone or monochromatic to mirror your style and personality. Pick your favourite roof colour, offered in Pure White, Black and Flash Red.
