ECONOMY PARTS

To maintain the Volkswagen quality standard on your Volkswagen Commercial Vehicle that is out of warranty and four years or older, we have added affordable Economy Parts to our current range. And because we uphold the highest international standards, there is no compromise on Safety, Performance or Durability in these Parts. Since they are specifically adapted for older Commercial Volkswagens, these Parts are more cost-effective, made to specification and have increased performance capabilities.

THE BENEFITS OF ECONOMY PARTS

We know that as a Volkswagen Commercial operator, your vehicle is more than just a car. To honour this unique relationship, we are now enabling you to not only look after your Volkswagen Commercial Vehicle, but enjoy improved value by offering this Economy Range for you. We are offering affordable Genuine Part options relative to the age of your Commercial Vehicle. Through consolidation of the product range, costs are reduced in the entire logistic process chain from the manufacturer to the partners, therefore making this Economy Range a compelling offer.

ECONOMY PARTS QUALITY ASSURANCE

For parts that guarantee to meet the utmost level of international standards, Genuine Economy Parts are put through thorough and intensive testing. This rigorous development and testing programme is conducted exclusively by Volkswagen Commercial Vehicle engineers to ensure the outstanding quality of all Genuine Economy Parts that leave our factory.
