- Golf 8

Supporting Rods

The Volkswagen Genuine cross bars are the ideal base for all roof-mounted attachments. City Crash Plus tested to Volkswagen's strict standards, the bars feature an aerodynamic aluminium profile onto which items such as surfboard, bicycle, ski and snowboard carriers and racks or our practical roof boxes can be fastened.

The cross bars are delivered completely pre-assembled and can be easily attached to the roof rails of your Volkswagen.

They can also be locked to prevent theft. The easy-to-install aero profile features a textured surface and minimises wind noise. A torque wrench is included.

Protective Chrome Optic Strip - Tailgate

A dazzling appearance – with the Volkswagen original rear strip in chrome optic for sticking to the lower edge of the rear lid to give your vehicle a refined and elegant look as in a twinkling of an eye.

It lets itself be glued to the lower edge of the tailgate easy and fast and is used as an edge protector at the same time.

Protective Film - Sill Rail Entry - Front and Rear (Black/Silver)

- Volkswagen Genuine sill panel trim films, Black/Silver
- Black films with silver decorative stripes
- Front and rear, 4-piece
- Visually enhances the vehicle
- Protects against scratches around the door sill
- Precisely cut sill protector films
- Easy to stick on
- With detailed fitting instructions

Protective Strip Tailgate (Chrome Look)

- Volkswagen Genuine protective strip for the rear lid, chrome effect
- Lends the vehicle a refined and elegant look
- Can be quickly and easily attached to the lower edge of the rear lid
- Acts as an edge protector
- With detailed fitting instructions

Boot Sill Protector

- Volkswagen Genuine rear lid protection strip with elegant chrome effect.
- Protects the edge of the rear lid. Can be quickly and easily attached.

Available on the following models:

Bicycle Carrier - Towing Hitch (3 Bicycles)

- Volkswagen Genuine Compact 3-bicycle carrier
- Right-hand drive version
- For transporting up to three bicycles
- Small, lightweight and compact
- Locking lever with anti-theft lock
- Ratchet system for securing the bicycle wheels
- Thanks to the folding system, the tail lights, bicycle rails and support frame can be folded up completely
- Compact size for storage in the luggage compartment
- The large foot pedal for easily folding the carrier helps keep the luggage compartment freely accessible
- Practical transport bag included

Bicycle Holder - Bicycle Frames (100mm Oval) / (80mm Round)

The Volkswagen Genuine bicycle carrier for upright bicycle transport on the vehicle roof captivates with its uniquely designed frame holder and wheel rail, automatically ensuring the bicycle is correctly positioned.

The innovative torque limiting rotary knob controls the torque applied to the bicycle, making sure the bicycle is secured properly.

Thanks to the convenient mounting height (around eye level), the bicycle is easy to mount without any effort, even in larger vehicles.

To ensure an even distribution of pressure and to protect the bicycle frame, the frame holder is equipped with large, soft padding elements.

The bicycle wheels are fixed securely in cleverly designed wheel holders by diagonal wheel rim retaining straps with a quick-release fastener. The bicycle can be securely locked to the bicycle carrier and the bicycle carrier can be securely locked to the roof bars or supporting rod.

The bicycle carrier can be easily and quickly switched from one side of the vehicle to the other, without additional tools. With the outstanding City Crash Plus Test, the bicycle holder meets Volkswagen's highest standards.

Dynamic Hub Caps

Dynamic design meets stability! The dynamic Volkswagen Genuine hub caps, with the latest Volkswagen logo, impress with their dynamic spinning design feature. Made from impact-resistant plastic and suited to most Volkswagen alloy wheel rims, the dynamic design of these caps ensure the VW logo is in the right position while driving and in any parking position.

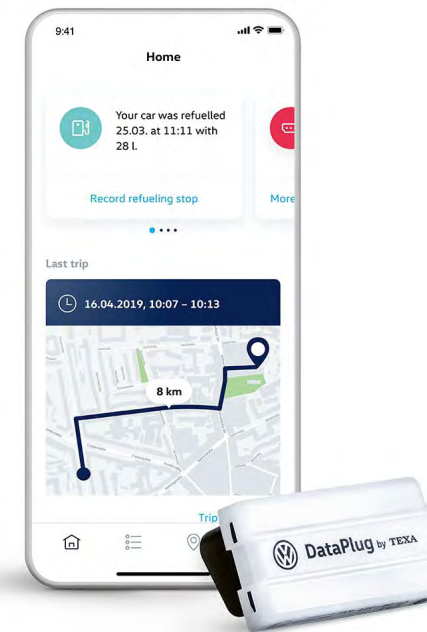

Rim Bolt Locking Set

Secure your wheels against theft with the M14 x 1.5 x 27 wheel locking system. The lock is protected from dirt with a wheel bolt cap to ensure it always works.

We Connect Go DataPlug

The Volkswagen DataPlug transmits vehicle data in real time to a smartphone linked via Bluetooth. Together with the Volkswagen We Connect Go app, it can be used to display and analyse a wide variety of data. For this purpose, the 16-pin connector is plugged into the vehicle's OBD 2 interface and does not require a separate power supply.

This means the driver of the vehicle is always fully informed about the condition of the vehicle.

Interface: Bluetooth

*Excludes smartphone

Urban Loader - 300-500L (Matte Black and Gloss Black)

The refreshed new Urban Loader roof box with expandable load capacity provides additional cargo space for smaller vehicles and is perfectly suited for

transporting items like shopping bags, pushchairs and golf bags. A 100km/h speed limit applies to its fitment. Its capacity can be easily increased

from 300L to 500L. It's accessible on both sides; with its intelligent jointed steel frame and 2 springs, enabling easy opening and closing. The protective

top and bottom housings are made of durable ABS material plus waterproof coated polyester. Available in elegant Matte and Gloss Black finishes.

Roof Box - Basic 340L (Matte Black) and Comfort 460L (Matte Black or Gloss Black)

The roof boxes Basic 340 and Comfort 460 offered by Volkswagen, with a volume of approx. 340 litres and 460 litres respectively, have an optimised aerodynamic design that reduces

unpleasant driving noises as far as possible. They have been adapted to the modern design line of the new Volkswagen models. The roof boxes can be opened on one side and are available in matte black

and gloss black. With a length of 2.30m, the Comfort 460 is ideal for use in summer sports, as standard surfboard sizes can be loaded into it without any problems.
